

# BID SPECIFICATIONS FOR Herbicides and Adjuvants

All herbicides and adjuvants shall meet or exceed specifications as outlined in the Invitation to Bid and as set out below, and shall comply with each of the following:

- A copy of label(s) shall be included for each item bid, and when requested in the specification, shall be labeled for right-of-way and/or aquatic use. *Bids submitted without labels will not be considered.*
- As a part of the bid, the successful bidder shall provide a qualified representative to provide assistance and training in regards to herbicide application. Representative must be experienced in the field of herbicides and right-of-way application. Representative must be available to assist counties via phone and/or on-site in the determination of appropriate products, timing and rates.
- Representative must be available to assist counties in handling of complaints, if necessary.
- All bidders shall name qualified representative and list experience in developing other brush control programs with county road departments and attach this information to bid.
- Bidder must identify any equivalency in specification by circling said item specification (i.e., percentage, unit, trade name, etc.) and indicating said equivalency for that description.
- Bidder must provide documentation that any equivalency meets all state and federal regulations regarding proper and available uses for the items bid. Failure to provide evidence that the equivalent item can be used for the same purposes as the item stated in the specification may result in disqualification on that bid item.
- Bidders are not required to bid on all items.
- Each item will be awarded separately based on lowest responsible bid.
- Bid price shall include delivery.
- All deliveries shall be made within one (1) calendar week of order to location(s) specified by county making purchase. All herbicides and adjuvants not delivered in this time period will be reduced in price by 10%.
